

Good evening everyone my name is Stephanie Reveles and today I am here to tell you about this wonderfully program called full circle. This program is about Helping kids and having something fun, about at the same time learning. This program is very nice because they show you new things like how to camp, what to do in the outdoors, go to activities, try new thing you have never done, make new friends. Meet new people, treat people with respect, how to communicate to one to a other. Learn from your mistakes. Help others out, learn be Independent how to do things ^{by} on yourself. Go on day camps like on hikes when you finish school. Learn from the outdoors have fun outdoors. Learn how to live in the wilderness. Know people and who they are and what they are good at doing. How to cook how to learn together. How to have fun with others and include others in games or activity's your doing that others want to do. That learning is fun at the same time. A very good memory that I have from full circle is when we went to Utah to camp and how we had to stay on the bus for hours and how we sang songs on the bus and did things that made us laugh learn more things about each other that we didn't know miss Caroline that

said now now girls don't each too much candy how we shared with others what we had or about to eat we shared it with others. All the laughs we had when we did things that we=here funny take self's with aware friends do videos of you doing funny things. Making memories that we will never forget and carry with us and make new one and enjoy those memories we had together all those good times. I would like to finish I lessened a quote from Whitney Houston "I BELIEVE THAT CHILDREN ARE OUR FUTURE.TEACH THEM WELL AND LET THEM LEAD THE WAY.SHOW THEM ALL THE BEAUTY THEY POSSESS INSIDE! I believe that full circle are doing this to the youth and families in our community. Thank you Full Circle!!!
